

SUMMER INTERNSHIP

S4CA - Connection's Special Edition

Summer Internship 2012

Summer Internship, which includes an orientation to the building trades and construction industry along with a paid internship, is jointly sponsored by S4CA, the Santa Clara & San Benito Counties Building & Construction Trades Council, and the East Side Union High School District. The program was developed as a study and work-based learning program to provide career preparatory experiences that are connected to the workplace. Students are provided with an opportunity to 1) observe and experience the day-to-day operations and interactions of various building contractors 2) explore apprenticeship training 3) learn the responsibilities associated with holding a job and, 4) get a high paying and meaningful summer job that is connected to a career in the construction industry. The Summer Internship program is open to 11th graders and to graduating seniors seeking full time employment. Students spend two weeks in classes learning about the construction industry, including architecture, engineering, electrical, piping, carpentry, sheet metals, and design. Students are able to tour commercial construction sites and observe the integration of various aspects of the construction industry. An exciting activity of Summer Internship is “Interview Day” where each student is able to talk with at least eight different contractors and be selected for a four-week summer internship or for a permanent placement. Ten contractors participated in the interview day. *Marco Osuna* (YB) is the internship supervisor and work experience coordinator.

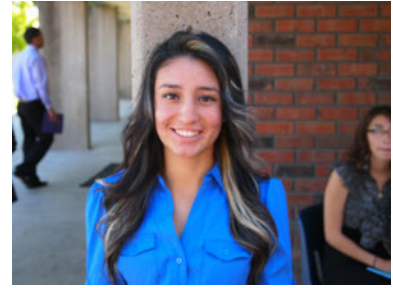

Daniel Cervantes
SGI

Daniel is a graduate of Yerba Buena Construction Technology Academy.

Juan Carlos Garcia
Cal-Pacific

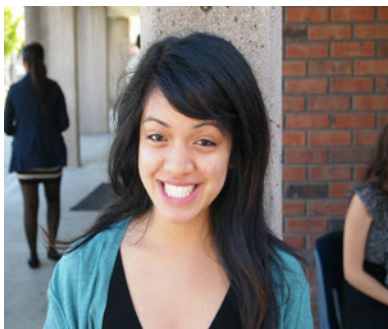

Juan Carlos is a graduate of Yerba Buena Construction Technology Academy.

Siomara Chavez
Zolman

Siomara is a graduate of Yerba Buena PreEngineering Magnet.

Summer

Kendyl Domingo
O.C. Jones

Kendyl will be a senior at Piedmont Hills HS.

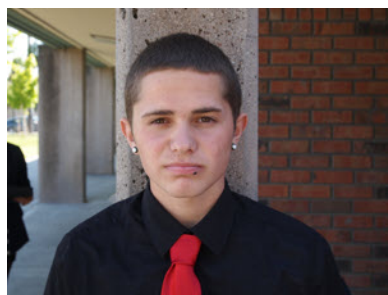

Romel Aquipel
Jeff Luchetti

Romel will be a senior at Yerba Buena Construction Technology Academy.

Christopher Pecson
Kitchell

Christopher is a graduate of Yerba Buena PreEngineering Magnet.

Brian Toledo
FMPO

Brian is a graduate of Yerba Buena Pre Engineering Magnet.

David Ngo
ERT

David is a graduate of Yerba Buena PreEngineering Magnet.

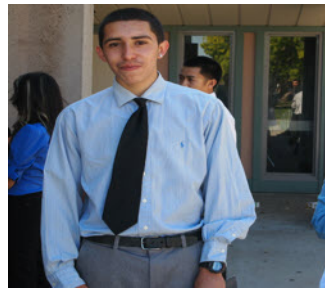

Miguel Jaimes
Pipe Trades Training Center

Miguel will be a senior at Yerba Buena Construction Technology Academy.

Tony Nguyen
O'Connor

Tony is a graduate of Yerba Buena PreEngineering Magnet.

Alex Hilario
Van Pelt

Alex will be a senior at Yerba Buena Construction Technology Academy.

Danny Garcia
Blach Construction

Danny is a graduate of James Lick HS.

Interns

Isaac Gonzalez
Andy's Roofing

Isaac is a graduate of Piedmont Hills HS.

College Interns

Rudy Heredia

Harry L. Murphy

Rudy is a graduate of Yerba Buena High School PreEngineering Magnet. He is currently enrolled at San Jose City College. This is Rudy's third year of working with Harry L. Murphy.

Gabriel Rivas

Blach Construction

Gabriel is a graduate of Yerba Buena Construction Technology Academy. He is enrolled at UC Merced and is majoring in construction management. This is Gabriel's third summer working for Blach Construction as an intern.

Many Thanks. . .

To our participating contractors, training centers, and partners for supporting the Summer Internship Program.
